Northland Power Solar McCann Project Update

Northland Power is continuing to work through the Renewable Energy Approvals process for the McCann solar project.

We are currently reviewing the reports with the Ministry of Natural Resources and Ministry of Tourism and Culture to ensure that the reports have met their requirements.

Once this review is complete, we plan to release various project documents for public review. A notice of document availability, along with electronic copies of the documents themselves, will be posted on this website once they are available. Hard copies of the reports will also be available at your municipal office.

A second public meeting will be scheduled to take place no earlier than 60 days following the release of the documents.

Thank you for your patience throughout this process.
